

BRIE HENSOLD
PRINCIPAL

Brie Hensold is an urban planner, co-founder and principal of Agency Landscape + Planning. With a passion for understanding and improving communities and places, Brie brings a systems-based approach that integrates multiple disciplines and celebrates diverse perspectives. She has extensive experience developing creative and meaningful community engagement processes for planning and design projects. Brie's experience encompasses multiple scales, from downtown plans to citywide park systems to resilience strategies. Her work has received awards from the American Society of Landscape Architects, the American Planning Association and the American Institute of Architects, among others. She co-teaches an executive education class in resilient cities at the Harvard Graduate School of Design.
